

Early Elementary Program

“Matching Educational Experience to Student’s Needs”

Premier Schools Kindergarten-Third Grade Programs operate from August through May in conjunction with the Huntsville City School System’s calendar. The curriculum meets and exceeds guidelines set forth by the Alabama State Board of Education and Southern Association of Colleges and Schools and includes the following subjects:

- **Language Arts**
- **Reading**
- **Math**
- **Science**
- **Social Studies**
- **Fine Arts**
- **Physical Education/Health**
- **Foreign Language**

A complete syllabus for each grade is available for further details on specifics covered.

Our Faculty is comprised of highly qualified Elementary Education Professionals. Primary subject areas are supplemented with enrichment classes to provide for a well rounded education. Our low teacher student ratios and attention to individual learning styles allows for the opportunity to provide advanced academics to meet each child’s unique needs.

Premier Schools will continue to provide students with real life, hands on experiences in all subjects. In addition to using state approved textbooks, the curriculum will be extended through the use of authentic materials such as newspapers, magazines, literature and maps. Our curriculum is further enhanced through the use of field trips, service projects, cooking projects, community visitors, and occasional videos. Computers, equipped with age appropriate software and word processing programs, are available for students’ daily use.

In our student-centered classrooms, teachers and students work together in making decisions related to each child’s learning. Teachers use a variety of instructional strategies and materials that provide for multiple intelligences, individual learning styles and special needs. Students are given opportunities to work in both large and small groups as well as individually. Students receive a solid educational foundation while learning valuable life skills such as time management, teamwork, responsibility and self confidence.
