Premier Schools, established in 1999, are locally owned and operated by Leslie Davis Buchanan. We have three convenient locations to serve you. Our Madison campus is located off of Hwy 72 West and our Huntsville campus located off of Bradford Drive East, and our new Collaborations Child Development Center located off of Wall Triana Blvd. All campuses are designed with safety and security in mind. Children are given a personal identification number upon enrollment. This number is used, along with a picture I. D. to verify authorized pick-up. Classrooms are equipped with cameras that may be viewed with a personal, encrypted password via the Internet.

At Premier Schools, we are committed to providing children with a strong educational foundation through our developmentally appropriate programs in a warm, nurturing and secure environment. Because we know you have a choice, Premier Schools offer families a childcare program that includes the benefits you have come to expect from your childcare provider, plus a solid educational foundation your child can build upon.

Premier Schools offer a variety of program alternatives to meet the needs of today's families. These include a full-time infant and toddler program, full- and part-time preschool programs, full-day and half-day Kindergarten, an after school enrichment program, holiday/interim program, and a summer camp program that provides a variety of program weeks during the summer for school-age children.

Our classrooms are child-centered and designed to stimulate creative exploration and support discovery through meaningful, real-life experiences and sound educational philosophies. Premier Schools incorporate NAEYC guidelines and High/Scope curriculum into all classrooms.

Premier Schools have a team of experienced early childhood educators. Their true love of children is vital to the successful program we offer. Ongoing educational opportunities are provided to keep them up-to-date on the latest research and techniques. All staff members are certified in CPR and First Aid. Our low teacher/student ratio encourages participation and enables teachers to get to know each child individually.

Education is a shared responsibility. At Premier School, we make an extraordinary effort to keep parents informed of their child's progress and development, as well as day-to-day classroom activities. Parent involvement is encouraged and expected. Diversity in all families is valued and celebrated.

Our child-centered curriculum and classroom environment, along with our dedicated parents and educators, grant us the ability to enhance your child's social, emotional, and cognitive growth. Parents have peace of mind knowing their children are cared for by dedicated, degreed teachers on a secure campus.
