Dear Premier Families,

In the past decade our weather and emergency situations have increasingly been at the forefront of concern. After the events of 9/11, the flooding in Gulf with Katrina and most recently Hurricane Ike, it has become evident that clear, concise information is imperative to the safety and well being of the community at large. Premier School administration has researched more efficient ways to communicate with our families in the times of need.

We are proud to introduce our newest communication system ***Premier Intouch***; A notification system created by Inspiron Logistics, Wireless Emergency Notification System (WENS), which utilizes cell phone technology to notify subscribers of important events.

Attached you will find directions to log on and manage your contact information. Users will be prompted to enter cell phone numbers and email addresses as well as classroom options. Please be aware some families have been entered automatically based on contact information provided on Premier's admission form. You may unsubscribe and reenter current personal information.

For more information on Inspiron Logistics, WENS please visit their website: www.inspironlogistics.com/wens.cfm

Thank you,

Leslie Buchanan
