## Summer Camp Description

Premier Summer Camp Programs will help your child discover new friendships, build self-esteem, and explore fun-filled themes. Students will go on weekly field trips to local attractions. Examples of field trips are: bowling, skating, swimming, trips to the surrounding parks for picnics, museums, restaurants, local shops, Southern Adventures and nature hikes.

Our summer camp classes will have weekly art, science, and cooking projects, plus an in-house movie once a week. All Summer Campers will have recreational time throughout the day. This will include organized games in the gym or outdoors, basketball or competing in relays. Premier's Summer Camp environment is equipped with school age materials, including computers that have age-appropriate software for daily use.

The Summer Campers' day will consist of organized projects and self-paced play, as well as time with friends and caring adults. Campers will be provided a morning and afternoon snack as well as a nutritious kid-friendly lunch. After lunch, the camper's will have an opportunity to relax with a book or do another quiet activity, for a chance to reenergize for the remainder of the day.

In order to meet the developmental needs of all the children, we will have three summer camp classes. Summer Camp classrooms for 1<sup>st</sup> through 6<sup>th</sup> graders will be equipped with Nintendo Game Cube Systems for students use. As with our computer software, all games have been previewed for content and appropriateness.
